

IL marches ahead in area of m-Governance, IT & Consultancy

m-Governance: IL has entered into tie-up with a reputed Technology Player in Mobile Governance field which is a potent tool for monitoring citizen centric schemes. IL is laying considerable emphasis on promoting m-Governance solutions which aim at harnessing the ever increasing possibilities made possible by rapid strides in mobile, carrier and wireless technologies for empowering people and thus help in better monitoring of public services and e-Governance schemes.

IL CMD Shri M.P. Eshwar signing MOU for m-Governance

The m-Governance solution offered by IL has generated good response among various Governments departments and companies. Initial marketing and presentation of this solution has evoked keen interest among prospective clients. IL is in advanced stage of discussions with several State/Central Government undertakings and the product has immense potential due to easy availability and reach of mobiles. To ensure value addition and remain at the cutting edge of technology, IL has setup a m-Governance Lab at its premises in Kota and also implemented this solution across its headquarters and branch offices.

IT & Consultancy: After catering to core requirement of power generation sector & subsequently executing turnkey orders in Transmission & Distribution Sectors, IL has made a successful foray into Project Monitoring & IT Consultancy. IL has recently secured several prestigious orders in this field & many other projects of National importance are being attempted.

IL has executed an order for Consultancy work for Unnao district awarded by Madhyanchal Vidyut Vitran Nigam Ltd., Lucknow. This project involving considerable field work was completed in record time of 1 month and entailed the evaluation of material required and work to be carried out for electrification and other associated work in villages of district Unnao(left out by M/s ABB Ltd) under the aegis of Rajeev Gandhi Gramin Vidyutikaran Yojna Phase-I.

IL has recently secured a prestigious order to provide consultancy services for Central Customer Care Centre being commissioned at APDCL Campus, Guwahati & Circle Level Customer Care in 19 circle of Assam Power Distribution Company Ltd. The order execution has already started and this shall enable better services to customers in the state of Assam.

IL through competitive bidding has bagged a prestigious order from Assam Power Distribution Company Ltd. for Quality Project Monitoring (Third Party Monitoring) of Village Electrification Infrastructure & Rural Electrification Distribution. This involves field work of Already Electrified villages under Rajeev Gandhi Vidyutikaran Yojna Phase-I and covers more than 4000 villages in the state of Assam.
